Copier

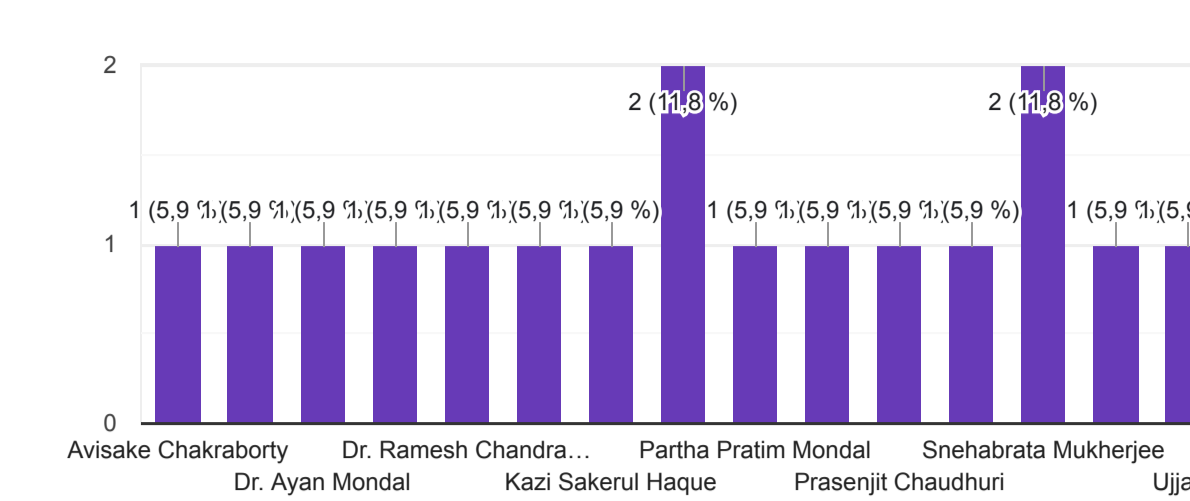

17 responses

The courses provide adequate scope of employability for the students.

Copier

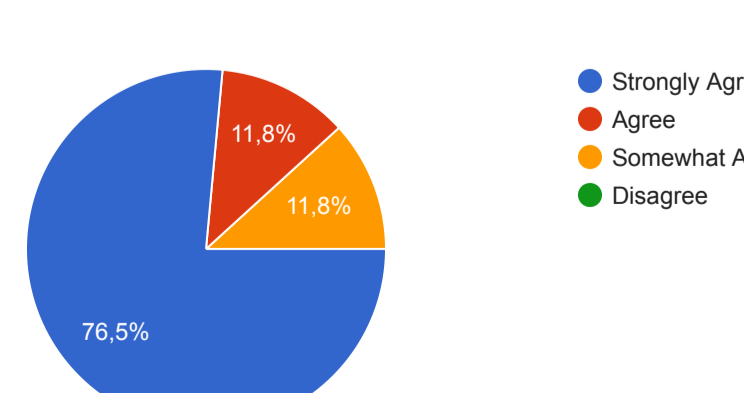

17 responses

The course includes ethical and moral values among the students so as to make them good.

Copier

17 responses

Any suggestions

6 responses

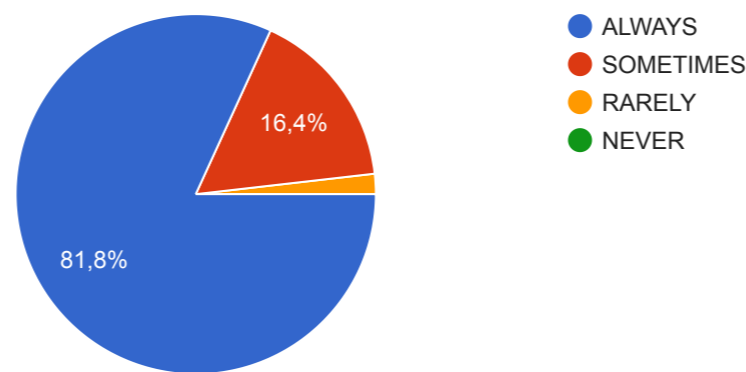

- Nothing as such
- No, thanks
- The balance between theory and practical more needed. Moreover course should be given emphasis towards comparative aspect of classical zoology as a bridge between evolution and environment. There should be given more importance on molecular logic behind evolution pathway, ecology, parasitology, ethology, neurobiology, wildlife biology and conservation and taxonomy
- Code names and paper distribution across the whole Hons. & Gen. Course structure are confusing. It could be easier.
- Syllabus of Skill Enhancement Courses should be more clearer in both theory and practical.
- More books are required to impart teaching and facilitate teaching-learning process.
